

Catching Our Flag: A Gripping Account by James Rogan

In his gripping new book, *Catching Our Flag*, former congressman and US intelligence community expert James Rogan takes readers on a chilling journey into the heart of China's ruthless espionage campaign against the United States.

Drawing on his firsthand experience as a member of the House Intelligence Committee and his extensive network of sources within the intelligence community, Rogan reveals the alarming extent of China's espionage operations, which he believes pose a grave threat to our national security.

Rogan argues that China is engaged in a systematic effort to steal American secrets, from military technology to trade secrets to personal data. He documents numerous cases of Chinese espionage, including the

theft of F-35 fighter jet plans, the hacking of the Office of Personnel Management, and the infiltration of American universities and businesses.

Rogan also exposes the Chinese government's close ties to the Chinese Communist Party (CCP), which he says is using espionage to advance its own political and economic goals. He warns that the CCP is a formidable adversary that is determined to dominate the world stage.

Catching Our Flag is a must-read for anyone who wants to understand the growing threat posed by China's espionage campaign. Rogan's firsthand account is a wake-up call to the dangers we face and the urgent need to take action to protect our national security.

China's Espionage Campaign: A Threat to Our National Security

In *Catching Our Flag*, Rogan argues that China's espionage campaign poses a grave threat to our national security. He says that China is stealing American secrets at an alarming rate, and that this theft is giving China a significant advantage in a number of key areas, including military technology, economic competitiveness, and diplomatic influence.

Rogan documents numerous cases of Chinese espionage, including the theft of F-35 fighter jet plans, the hacking of the Office of Personnel Management, and the infiltration of American universities and businesses. He also exposes the close ties between the Chinese government and the Chinese Communist Party (CCP), which he says is using espionage to advance its own political and economic goals.

Rogan warns that the CCP is a formidable adversary that is determined to dominate the world stage. He says that the CCP is using espionage to gain

an unfair advantage over the United States and other Western countries.

What Can We Do to Protect Our National Security?

In *Catching Our Flag*, Rogan outlines a number of steps that the United States can take to protect its national security from China's espionage campaign. These steps include:

- Increasing investment in counterintelligence efforts
- Strengthening cybersecurity measures
- Educating the public about the threat posed by Chinese espionage
- Working with allies to counter China's espionage efforts

Rogan argues that it is essential for the United States to take these steps in order to protect its national security. He says that China's espionage campaign is a serious threat that must be addressed.

Catching Our Flag is a gripping account of China's ruthless espionage campaign against the United States. Rogan's firsthand experience and extensive network of sources make this book a must-read for anyone who wants to understand the growing threat posed by China.

Rogan's book is a wake-up call to the dangers we face and the urgent need to take action to protect our national security. We must heed his warning and take the necessary steps to counter China's espionage campaign.
