Farm for Maisie, Sweet Pea & Friends is a non-profit organization dedicated to providing a safe and loving home for abused and neglected farm animals. Our mission is to rehabilitate these animals and find them forever homes where they can live out their lives in peace and happiness.

We are a small, family-run farm located in the beautiful rolling hills of Upstate New York. We have a variety of animals on our farm, including cows, pigs, goats, sheep, horses, and chickens. All of our animals have come to us from abusive or neglectful situations, and they have all found peace and happiness at our sanctuary.

Our animals are our family, and we love them very much. We provide them with everything they need to thrive, including a safe and comfortable home, nutritious food, and plenty of love and attention. We also work hard to rehabilitate our animals, both physically and emotionally. We provide them

with medical care, socialization, and training to help them overcome the trauma they have experienced.

Once our animals are rehabilitated, we work to find them forever homes where they can live out their lives in peace and happiness. We carefully screen all potential adopters to ensure that our animals will be going to good homes. We also provide support to our adopters to help them transition their new family members into their homes.

We are a no-kill sanctuary, which means that we will never euthanize an animal unless it is for medical reasons. We believe that all animals deserve a chance to live a happy and fulfilling life, and we are committed to providing that for our animals.

We are a 501(c)(3) non-profit organization, and we rely on the support of our community to continue our work. We are always grateful for donations, both monetary and in-kind. We also welcome volunteers to help us care for our animals and maintain our farm.

Our Animals

We have a variety of animals on our farm, including cows, pigs, goats, sheep, horses, and chickens. All of our animals have come to us from abusive or neglectful situations, and they have all found peace and happiness at our sanctuary.

Here are some of our most popular animals:

- **Maisie:** Maisie is a cow who was rescued from a dairy farm where she was neglected and abused. She was very thin and malnourished when she arrived at our sanctuary, but she has since gained weight and is now a healthy and happy cow.
- **Sweet Pea:** Sweet Pea is a pig who was rescued from a factory farm where she was kept in a small cage and never saw the light of day. She was very shy and scared when she arrived at our sanctuary, but she has since come out of her shell and is now a friendly and outgoing pig.
- **Friends:** Friends is a sheep who was rescued from a wool farm where she was sheared every year and never given any medical care. She was very matted and had a lot of health problems when she arrived at our sanctuary, but she has since been sheared and is now a healthy and happy sheep.
