Career Accomplishments

Dr. Brown has held numerous prestigious positions throughout his career, including:

* Professor of Otolaryngology at Harvard Medical School * Chief of Otolaryngology at Massachusetts Eye and Ear Infirmary * President of the American Academy of Otolaryngology-Head and Neck Surgery

Under his leadership, the otolaryngology department at Massachusetts Eye and Ear Infirmary has become one of the top-ranked programs in the nation for the treatment of head and neck disorders.

Areas of Specialization

Dr. Brown specializes in a wide range of otolaryngologic conditions, including:

* Head and Neck Cancer: Surgical and medical management of cancers of the larynx, pharynx, oral cavity, and salivary glands. * Thyroid and Parathyroid Surgery: Surgical management of thyroid and parathyroid disorders, including benign nodules, goiter, and thyroid cancer. * Sinus Surgery: Endoscopic and open surgical treatment of chronic sinusitis, nasal polyps, and skull base tumors. * Obstructive Sleep Apnea: Surgical and non-surgical management of obstructive sleep apnea, including uvulopalatopharyngoplasty (UPPP) and tracheostomy. * Facial Plastic and Reconstructive Surgery: Surgical correction of facial deformities,

including cleft lip and palate, and reconstruction after head and neck cancer surgery.

Research Interests

Dr. Brown's research interests focus on improving surgical outcomes and patient care in otolaryngology. His areas of investigation include:

- * Developing novel surgical techniques for head and neck cancer resection
- * Investigating the genetic basis of head and neck cancer * Evaluating the effectiveness of new treatments for chronic sinusitis * Assessing the long-term outcomes of thyroid and parathyroid surgery

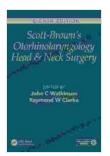

His research has led to numerous publications in peer-reviewed medical journals and presentations at national and international medical conferences.

Educational Activities

Dr. Brown is actively involved in educating future generations of otolaryngologists. He serves as Director of the Otolaryngology Residency Program at Harvard Medical School and regularly lectures at medical conferences and workshops around the world. As an esteemed educator, he has mentored countless otolaryngology residents and fellows, many of whom have gone on to become leaders in the field.

Dr. Scott Brown is an accomplished otolaryngologist and head and neck surgeon who has made significant contributions to the field of medicine. His expertise, research, and dedication to patient care have earned him widespread recognition and respect within the medical community. Dr. Brown's commitment to excellence in surgical care, research, and

education has positively impacted the lives of countless patients and advanced the discipline of otolaryngology.
